

Education for Climate Change and Disaster Risks

Philippine Team Regional Meeting

ATECCE: Asian Centres of Excellence on Education for Sustainable Development

On December 17 Super Typhoon Rai attacked Philippines. This Typhoon produced widespread damage to Philippine Island. Cebu island, Our ACTEE college, Dr. Jestoni P. Babia, his place was also deeply affected. Thus, we hold a regional meeting to think about the disaster risks caused by the climate change. In addition, our colleague, Dr. Amor Q. de Torres developed new Modules for Climate Change Education. At this meeting this module will also be introduced. Welcome ATCCE friends for your participation!

Date: March 1st Tuesday 10:30-12:00 (Philippine time)
